

One topic, two lessons — Do now · I do · We do · You do

The same nineteen activities, released twice. Lesson one meets the structure; lesson two reads it and produces it. Each lesson runs the whole release on its own, so anyone watching either one sees activate, model, check, apply.

DO NOW

Activate & Prepare

Read Now · Retrieval

KEY TAKEAWAY

On the desk as they sit down, done cold and in silence. Marked on whiteboards in a minute, so you know who holds what before you commit to a plan.

LESSON 1

- 1 Match Up
- 3 Highlighter Time
- 4 Quick Practice
- 5 Translate to English

LESSON 2

- 11 Reading no longer cold
- 12 Comprehension
- 13 True / False
- 17 Dictation

I DO

Explain & Model

Exposition

KEY TAKEAWAY

Make the thinking visible. The Help Box is worked through — examples, exceptions, where the rule bites — never read aloud. In lesson two you build the first sentence yourself.

LESSON 1

- 2 Help Box, taught

LESSON 2

- 2 Help Box, revisited
- 14 Construye frases you model one

WE DO

Practise & Check

Learning checks

KEY TAKEAWAY

Together, on whiteboards, whole class in one sweep: in the ear, in word order, against a deliberate error. If a check fails, go back to the board before you release.

LESSON 1

- 7 Micro-listening 1
- 8 Micro-listening 2
- 9 Unjumble

LESSON 2

- 16 Spot the Mistake

YOU DO

Apply & Prove

Independent practice

KEY TAKEAWAY

Scaffold on, then off. You circulate with the teacher sheet — every answer and every model answer is on it — so marking happens beside the desk, not afterwards.

LESSON 1

- 6 Translate to Spanish
- 10 Fill Gaps

LESSON 2

- 14 Construye frases
- 15 Photo Description

CLOSE

Stretch & Plenary

- 18 Extension lesson 2 — printed for everyone, expected from some
- 19 Plenary both lessons — half the questions each; answers on the teacher sheet only

IF A CLASS FORGETS ACROSS THE WEEK

Open lesson two with the Match Up on whiteboards — one minute — then 5 and 10 as the Do now, and set the reading (11 · 12 · 13) as homework. Everything else stays where it is.

TWO RULES

The numbering never moves: 17 is the dictation wherever you teach it. And the print selector decides what reaches the desk — nothing is on the sheet that you did not choose.
